Dear Chair DeLauro and Ranking Member Granger:

I am requesting funding for the Arlington Road Project in FY 2023:

The entity to receive funding for this project is the City of Green, located at 1755 Town Park Boulevard, Green, Ohio 44685.

The funding would be used to reduce congestion at two nodes along Arlington Road at the intersections of Boettler and Southwood by converting the nodes into roundabouts. The project would be a valuable use of taxpayer funds because the addition of roundabouts will provide a substantial reduction in the number of conflict points relative to a traditional intersection which will lead to a decrease in crashes and a decrease in injury crashes. It will also promote pedestrian safety.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

Anthony Gonzalez
Member of Congress
